

EDUCATION

Master of Science (Technology) 12/2017

Aalto University School of Electrical Engineering
Master's Programme in Computer, Communication and Information Sciences
• Major: *Acoustics & Audio Technology*

Bachelor of Science (Technology) 02/2016

Aalto University School of Electrical Engineering
Degree Programme in Electronics and Electrical Engineering
• Major: *Electronics* • Minor: *Computer Science*

Finnish Matriculation Examination 05/2008

Oulu University Upper Secondary School

EXPERIENCE

Project Employee 12/2017 – 09/2018

Aalto University Department of Signal Processing and Acoustics
Research and development work in the Aalto speech recognition research group:

- Building and administering a server-based, real-time speech recognition system running on a RHEL 7 virtual server, enabling speech audio input streaming from multiple sources.
- Visiting Researcher at the Department of Computer Science at the University of Sheffield, UK, during 4.6.-6.7.2018, focusing on audio beamforming and microphone arrays for ASR.
- Advisor for a Master's Thesis on developing an augmented reality automatic speech recognition application on iOS by utilizing the Apple ARKit together with our ASR server.

Research Assistant 12/2016 – 10/2017

Aalto University Department of Signal Processing and Acoustics
I did my Master's Thesis at the Aalto speech recognition research group, working in an Academy of Finland project on developing a conversational assistance application for the hearing impaired by utilizing automatic speech recognition.

- Developed a GUI desktop application for Finnish real-time speech recognition running on Ubuntu using Python, GTK+, GStreamer and the Kaldi automatic speech recognition toolkit.
- Designed and conducted user testing to validate the developed software application.

DJ & Radio Host 04/2011 – present

Basso Media
I co-host a two hour radio show *Ruff Cut* on Finland's top urban and electronic music radio station *Bassoradio* every other Thursday evening.

DJ & Audio Engineer 01/2010 – present

T:mi Juri Lukkarila
Djaying professionally with over 400 performances all around Finland. I also do audio recording, mixing and production as a freelancer. Past projects include radio commercials, voice-overs, theater productions and countless dance shows.

- Learned to be self-imposed and to take responsibility of my work and time management.
- Has taught me excellent social, communication and organizational skills.

Salesperson 02/2010 – 01/2013

Stockmann Herkku Helsinki
Part-time salesperson at the Stockmann flagship grocery store.

- Customer service and inventory management in a fast-paced working environment.

SKILLS

Windows
MacOS
Linux

Office
MATLAB
RStudio
Visual Studio
Adobe Illustrator
Ableton Live
FL Studio

Python
C++
C
Max/MSP
L^AT_EX

Frameworks, libraries and tools I have used (in descending order of familiarity):
Qt5, OpenMP, Git, OpenGL, CUDA, SFML, JUCE, GTK+, Wwise, Boost, UE4, Docker, Unity
